To obviate a double patenting rejection, Assignee hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application that would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. §§ 154 and 173, as presently shortened by any terminal disclaimer, in the event that any patent granted on the co-pending Application No. 10/565,739. Assignee hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and any patent granted on the co-pending Application No. 10/565,739 are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors, or assigns.

In making the above disclaimer, Assignee does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §§ 154 and 173 of any patent granted on the co-pending Application No. 10/565,739, as presently shortened by any terminal disclaimer, in the event that any patent granted on the co-pending Application No. 10/565,739 later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or in part, is terminally disclaimed under 37 C.F.R. § 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated before the expiration of its full statutory term as presently shortened by any terminal disclaimer.

In accordance with the fee schedule in 37 C.F.R. § 1.20(d), the required fee of \$140.00 is being filed with this disclaimer.

If there are any additional fees due in connection with the filing of this Terminal Disclaimer, please charge the fees to Deposit Account 06-0916. The undersigned is an attorney of record.
